## **Skychargers Project Labor Agreement with IBEW**

Good morning Commissioners. Thank you for this opportunity to speak. My name is Maxwell Schaumkel with IBEW Local 617. We represent San Mateo County, including the area covering San Francisco airport. The applicant Skychargers indicated to us last year they would like to incorporate a PLA with IBEW into this airport EV charging project. We sent them a proposed Agreement in May. We followed up over the summer, and they asked us to check in again late September, which we did. We also followed up with them in early December. They have not responded to recent emails, and we have not heard from them since September. We are requesting this item be pulled to allow more time to complete the negotiations on the Labor Agreement. Thank you for your consideration.
