## **Skychargers and IBEW Project Labor Agreement**

Im re-submitting my comments to include the reason why I was precluded from making them vortually via Zoom.

Dear Commissioners,

I was present on Zoom for the 10:00am CEC Business Meeting on 1-21-26. I followed the instructions for making public comment on the informational non-voting items. I was called upon to make my comments but had technical difficulties trying to unmute my microphone. Unfortunately the meeting had to move forward and the chat feature had been disabled so I could not notify the staff that my microphone was malfunctioning.

I wanted to make public comment on Consent Calendar item "J", Skychargers, LLC (ARV-25-009).

"Good Morning Commissioners. Thank you for this opportunity to speak.

My name is Maxwell Schaumkel with IBEW Local 617. We represent San Mateo County, including the area covering San Francisco airport.

The applicant Skychargers indicated to us last year they would like to incorporate a PLA with IBEW into this airport EV charging project.

We sent them a proposed Agreement in May. We followed up over the summer, and they asked us to check in again late September, which we did. We also followed up with them in early December.

They have not responded to recent emails, and we have not heard from them since September.

We are requesting this item be pulled to allow more time to complete the negotiations on the Labor Agreement.

Thank you for your consideration. "

Please include my comment in the public record and into the Docket for consent item "J".
