NOTIFICATION OF A COMPLETE SECTION 401 WATER QUALITY CERTIFICATION APPLICATION; LEVY ALAMEDA, LLC, POTENTIA-VIRIDI BATTERY ENERGY STORAGE SYSTEM PROJECT (PV-BESS) (WDID#5B01CR00050), ALAMEDA COUNTY

Thank you for submitting an application for Section 401 Water Quality Certification (Certification) for the Potentia-Viridi Battery Energy Storage System Project (PV-BESS) (Project) dated 17 June 2025. Based on review of the above materials submitted, the application appears to be complete. Central Valley Regional Water Quality Control Board staff will be preparing a Certification for the Project.

Pursuant to title 23, section 3856, subdivision (b) of the California Code of Regulations, “[a] full, technically accurate description, including the purpose and final goal, of the entire activity” must be provided before an application will be considered “complete.” If there are any changes to the Project, your application may be deemed incomplete, and we may contact you for other information to assist us in preparing the Certification.

Pursuant to California Code of Regulations, Title 23, section 3856, subdivision f, a copy of any draft CEQA document(s) prepared for the activity shall be submitted to the certifying agency. A valid CEQA document, which includes the final CEQA document and a Notice of Determination filed with the State Clearinghouse, while not required for a complete application, must be provided and the certifying agency shall have ample time to properly review a final copy of valid CEQA documentation before taking a certification action.

Failure to submit valid CEQA documentation may result in a denial without prejudice. The denial without prejudice is issued for procedural rather than substantive reasons, and carries with it no judgement on the technical merits of the activity.

When submitting materials related to this application, please reference the Project name and WDID number as shown in the subject line. The materials must be converted to a searchable portable document in PDF format. Please submit the required materials
