Comments by Lucinda (Cyndee) Dodge

Hello my name is Lucinda Dodge but I go by Cyndee.

il received a letter indicating my address was chosen to receive a fire department check this year. This is normal because we live in such a high fire area! I want to make sure I'm ready! I am a teacher and have lived in Acton for 12 years.

I was finally able to purchase my own home in a community I love.

A few years ago, my insurance sent a letter informing me they were not going to renew my home insurance because I lived in a HIGH FIRE area! I'm wondering who is going to insure your battery storage system?

Hopefully it isn't the California Fair Plan because that is who I have and I've heard they are not that great!

I am a professional with a master's degree so I understand the need for these systems and I am also intelligent enough to know building one in or next to a small country town in a high fire area is not the best choice.

Please reconsider your choice!
