Subject: Scoping Meeting Convened by the California Energy Commission on February 24, 2026 for a Proposed BESS in Acton (Docket 25-OPT-2).

Dear Commissioner Gallardo and Ms. Worrall;

On behalf of Save Our Rural Town (SORT), I would like to express my appreciation for your efforts and the efforts put forth by staff from the California Energy Commission (Commission) to convene a public scoping meeting in the Community of Acton for the Prairie Song Battery Energy Storage Project. The meeting required a tremendous effort by Commission staff, and it was arranged within a very short timeframe. These efforts paid off because the meeting was seamless (at least from the public's perspective).

It was important to the residents of Acton that the Scoping meeting be convened in the Community of Acton where the BESS project is located; you perceived the importance of this objective, and SORT is grateful that you could achieved it.

Thank you again for your efforts.

Sincerely;

/S/ Jacqueline Ayer
