## **Resident**

After seeing the presentation put on by CEC, and Prairie song reps I was humbled by all the information and facts provided. I will say, I was not supportive prior to this meeting. I have heard so many negative things about the project from a few local people that I now believe has been misinformed, and I think it really allowed me along with others to get a more clear understanding of the scope of project, including the safety standards and protocols in place along with LA Fire protocols providing facts. Thanks for holding this meeting and providing us an opportunity to understand the whole project. Still looking forward to some of the questioned that were asked. I do believe this will have a tremendous impact on California/La county.
