We need more rooftop solar!

Bring back NEM 2 solar bill credit so we can have 100% clean energy by 2045. We lost 17,000 good paying jobs when Governor Newsom and his CPUC gutted the industry with the flawed NBT (NEM 3.0). We will never reach our 2045 goals without restarting rooftop solar. The "cost shift" is a lie. Rooftop solar contributes to all ratepayers.
