

DOCKETED	
Docket Number:	24-BSTD-03
Project Title:	2025 Energy Code Compliance Software, Manuals and Forms
TN #:	269307
Document Title:	Approval of CBECC 2025-2-1
Description:	N/A
Filer:	RJ Wichert
Organization:	California Energy Commission
Submitter Role:	Commission Staff
Submission Date:	3/24/2026 3:57:16 PM
Docketed Date:	3/24/2026

**2025 Building Energy Efficiency Standards,
California Code of Regulations, Title 24,
Parts 1 and 6**

**Docket: 24-BSTD-03
Approval: 26-031326**

**APPROVAL BY THE EXECUTIVE DIRECTOR OF
UPDATED 2025 CALIFORNIA BUILDING ENERGY CODE COMPLIANCE SOFTWARE (CBECC
2025.2.1)**

The Executive Director hereby approves California Building Energy Code Compliance software, CBECC 2025.2.1, as a public domain alternative calculation method for demonstrating performance compliance with the nonresidential, multifamily residential, and single-family residential provisions of the *2025 Building Energy Efficiency Standards*, California Code of Regulations, Title 24, Parts 1 and 6 (Energy Code).

The Warren-Alquist Act, Public Resources Code sections 25000 et seq., 25402.1(b), requires the California Energy Commission (CEC) to establish a process for certifying calculation methods for demonstrating compliance with the Energy Code.

When CBECC 2025.2.0 was approved at the October 8, 2025, CEC Business Meeting, the CEC directed the Executive Director to take all actions reasonably necessary to “maintain the software in good form, including but not limited to releasing bug fixes, correcting calculation and analytical errors, necessary ongoing software updates, user interface changes, and other minor updates.”

As directed, the 2025.2.1 version of CBECC is a minor update, which corrects calculation and analytical errors and provides minor enhancements and other updates to the software.

CBECC 2025.2.1 contains the following functional changes and corrections:

- User interface improvements and corrections
- Enhancements and fixes to source code and ruleset as needed for software enhancements and corrections

Pursuant to section 10-116(d) of the 2025 Energy Code, this update is not a major update to the CBECC 2025.2.0 compliance manager, which was approved at the October 8, 2025, CEC Business Meeting. Further, this update is sufficiently minor such that third-party vendors are not required to incorporate this change on any prescribed schedule.

Information for obtaining CBECC 2025.2.1 will be posted on the CEC’s [2025 Energy Code Compliance Software webpage](https://www.energy.ca.gov/programs-and-topics/programs/building-energy-efficiency-standards/2025-energy-code-compliance-software) for approved performance compliance programs at <https://www.energy.ca.gov/programs-and-topics/programs/building-energy-efficiency-standards/2025-energy-code-compliance-software>.

APPROVED:

Drew Bohan
Executive Director
