RE: GREENLEAF-1 TEMPORARY EMERGENCY GENERATORS (21- TPG-02C) FINAL CLOSE OUT LETTER AND LICENSE TERMINATION

Dear Wayne Wong:

The requirements set forth in the approved decommissioning plan, dated January 27, 2025 (Docket 21-TPG-02, TN 261308), for the Greenleaf-1 Temporary Power Generators, have been met.

The CEC's Delegate Chief Building Official (DCBO) submitted their final decommissioning inspection report and close out letter on March 24, 2026. The report indicated that the DCBO completed the final code and safety monitor inspections. The DCBO confirmed that the project is complete and all equipment and materials have been removed from the site. With the removal of the temporary generators, the project's certification terminates.
