## **Appliance Efficiency Branch New Docket for Commercial Dishwashers 26-AAER-01**

On March 4, 2026, the California Energy Commission (CEC) opened a new docket for commercial dishwashers with docket number 26-AAER-01. This was done to have a dedicated docket for commercial dishwashers and to separate documents and comments related to commercial dishwashers from the broader commercial food service equipment discussion under docket 23-AAER-01. All pre-rulemaking activities for commercial dishwashers from this date forward, including the docketing of the draft staff report on March 9, 2026, have and will continue to be recorded in this new docket log, docket [26-AAER-01](#).<sup>1</sup>
