**RE: Support for the Potentia Viridi Battery Energy Storage System, Community Benefit**

Dear Commissioners,

As Executive Director of Tri-Valley Haven, I am writing to express our sincere appreciation for the community benefit funding committed to our organization in connection with the Potentia-Viridi Battery Energy Storage System project.

The project developer, Clearway Energy Group, has pledged support to Tri-Valley Haven over a 15-year period through a Community Benefits Package. This funding will play a vital role in helping us sustain and strengthen critical services for individuals and families across Alameda County and the Tri-Valley area.

Specifically, these resources will support our Shiloh Shelter, which provides a safe refuge for families fleeing domestic violence, and will help ensure the continuity and expansion of essential services such as counseling, food and basic needs assistance, and legal advocacy.

We are grateful for this commitment, which will directly benefit the vulnerable populations we serve and enhance our ability to respond to community needs.

Sincerely,

Christine Dillman  
Executive Director  
Tri-Valley Haven
