## **Support of SPPE Doc# 26-SPPE-01**

I am a retired member of IBEW Local#477 and was involved in many progressive projects during my career! I worked on the Coal Gasification Plant in Daggett, Calif. for SCE . I was the lead GF for Mission Power Engineering , the parent company for SCE , on the Coso Junction Hot Springs Geothermal Plants. I worked on the Solar Plants at Harper Dry Lake before it shut down . I did the facility management system for the Arrowhead Regional Medical Center in Colton. I installed the fiber optic backbone for the LADWP, to be known as LA ON, to be used for their SCADA system and to provide a fiber optic internet for greater LA. In the early 2000s. This data center is the next progressive and necessary project and construction never gets cheaper than it is now, so yes
