## **Prarie Song Reality Project**

To Whom it may concern:

I am completely opposed to this project. I have lived a Acton resident for 30 years. This is a quaint little town and we love the small town feel. This is dangerous, reckless. We LIVE here, this is our homes. How would you like it if this was in your back yard. It will lower realestate value of our homes., and resale will be a problem. This lovely town is not a storage facility for Batterys. We don't even get the benifit of it. It will dirty our little town. Most important, the whole town in Acton is in a FIRE ZONE. Over the past several years Acton has had several several fires, this is not safe for our town.
