Docket Number: 26-SPPE-01

Don't approve the Inyokern Data Center

They are planning to build this
WITHIN town limits....right in downtown!
A few blocks from the elementary school.Across the street
From residents homes.
WE ARE IN CRITICAL OVERDRAFT!!! We can't sustain another corporation
Taking water from our aquifer. [You already approved a casino to be built]
How can you even consider this monstrosity to an area already in
Critical overdraft???

Don't forget it brings AIR POLLUTION, NOISE POLLUTION
& LIGHT POLLUTION

We also have protected wildlife that live in Inyokern. They will be affected also.
We were not given an opportunity to VOTE on this. We should have a right to vote on it.
PLEASE DO NOT APPROVE THIS DATA CENTER!
PROTECT YOUR CITIZENS.
Make a water moratorium against new builds in drought areas!!
