## **Inyokern Data Center REFERENCE Docket 26-SPPE-01**

We do not agree with the operation of the proposed data center in the little town of Inyokern, County of Kern, California, for the following reasons!  
Air Pollution, Noise Pollution, Light Pollution, Increased Air Temp up to 16 degrees, Health Issues for adults as well as children, bad for our animals, increased utilities for residents, and possible water contamination, not to mention the over use of the water table.
