Re: Letter of Support -*Clearway Energy Group – Potentia-Viridi Battery Energy Storage System*

Dear Commissioners,

As Executive Director of Tri-Valley Non-Profit Alliance, I am pleased to write in support of the Potentia-Viridi Battery Energy Storage System by acknowledging and expressing our gratitude for the meaningful community investment being made in connection with that project. The project developer, Clearway Energy Group, has committed to making significant contributions to our organization over a 15- year period during their project's operations as part of their Community Benefits Package for the Potentia-Viridi Project.

Through these contributions, we will be able to do more great work serving local communities in Alameda County and the Tri-Valley area. The funds provided under this agreement will help support the TVNPA Nonprofit Fund, which provides grants that make immediate, measurable impacts for nonprofit organizations serving the Tri-Valley area by allowing them to grow and stabilize operations and provide key services and programs which strengthens families, empower youth, and build connections that make our community more compassionate and resilient.

Clearway has demonstrated a strong commitment to our work and our community through the execution of a Project Support Agreement over 15 years. We deeply appreciate their partnership and commitment to our community's well-being.

Sincerely,

A handwritten signature in black ink, appearing to read "Kathy Young".

Kathy Young
