Docketed Date:	5/29/2026

INCENTIVES FOR EV CHARGERS

Where Communities Live and Gather

Funding Wave 5 Is On Its Way!

Communities in Charge, in partnership with the California Energy Commission, is developing Funding Wave 5, expected to launch in Fall 2026. Similar to Funding Wave 4, this wave will provide incentives for Level 2 and Level 1 EVSE in the multi-family housing sector.

Stay tuned to receive the latest updates as we get closer to opening the application window! If you know anyone who could benefit from this incentive, forward this email or invite them to sign up for the [Communities in Charge newsletter](#).

For more information, email communitiesincharge@calstart.org or visit thecommunitiesincharge.org.

If this email was forwarded to you, you may sign up for this newsletter [here](#).

[Communities in Charge](#) is designed to transform electric vehicle (EV) accessibility, rapidly catalyze new markets, and swiftly deploy Level 2 EV charging stations. Communities in Charge is California's market-accelerating, light-duty electric vehicle EV charging incentive project funded by the California Energy Commission's Clean Technology Transportation Program and Greenhouse Gas Reduction Fund, implemented by CALSTART, and supported in partnership with GRID Alternatives and Tetra Tech.
