Re: Support for RB Inyokern Data Center – Docket No, 26 – SPPE – 01

Dear Chair and Commissioners,

My name is Steven Siewart JR, I am an apprentice electrician and a proud member of IBEW Local 428. I have worked in the construction industry for 5 years and I live in Tehachapi, CA. I'm writing in support of the RB Inyokern Data Center Project.

As an electrician in Kern County, good paying local work is not easy to find. This project would put hundreds of construction workers on-site at union scale – averaging about 300 workers and peaking near 600 over a 4-year project. Work that keeps our families fed and a roof over our heads, projects like this are how we build the middle class.

I respectfully urge the commission to approve this SPPE application. This project is good for workers, good for Kern County, and good for California.

Respectfully,
