### **Remote Access via Zoom™**

<https://zoom.us> Meeting ID: 827 5555 0938 Passcode: 478033  
See Attendance Instructions.

The California Energy Commission (CEC) will host a meeting of the Independent Consumer Fuels Advisory Committee (ICFAC) to review and discuss the *Draft Senate Bill 237 Assessment* and *Draft Transportation Fuels Transition Plan*, other petroleum-focused efforts, and solicit initial thoughts from the ICFAC members. This is an in-person and remote meeting consistent with Senate Bill (SB) X1-2 (Skinner, Stats. 2023, 1st Ex. Sess., ch. 1) and Assembly Bill (AB) X2-1 (Hart, Stats. 2024, 2nd Ex. Sess., ch. 1), with both a publicly accessible physical location and public access online or by phone through Zoom.

The CEC aims to begin promptly at the start time posted and the end time is an estimate based on the proposed agenda. The meeting may end sooner or later than the posted end time.

## **Agenda**

Staff will provide an overview of the [\*Draft Senate Bill 237 Assessment\*](#) report and [\*Draft Transportation Fuels Transition Plan\*](#) with [Appendix A](#) and [Appendix B](#), available at Docket No. 23-SB-02 at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=23-SB-02>. The ICFAC subject matter experts will facilitate a roundtable discussion focused on the content presented.

A detailed schedule will be posted prior to the meeting in Docket No. [23-ICFAC-01](#) at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=23-ICFAC-01>.

## **Background**

SB X1-2, the California Gas Price Gouging and Transparency Law, took effect June 2023 and established the ICFAC to provide expert advice and insight to the CEC and Division of Petroleum Market Oversight on petroleum fuels market instabilities in California. The CEC periodically hosts ICFAC meetings to receive advice on staff work related to transportation fuels market analysis. Through this work, the ICFAC supports the state's efforts to promote transparency, stability, and fairness in the transportation fuels market.

AB X2-1, which took effect January 2025, requires the CEC to consider the effects of refiners' inventory on the price of transportation fuels in California. The bill authorizes the CEC to develop requirements for refiners operating in the state to maintain minimum levels of inventories and to plan for resupply of lost production during planned maintenance or turnarounds. AB X2-1 builds upon SB X1-2, which aims to improve transparency into the petroleum industry and prevent consumer price spikes.

The CEC continues to engage with the members of the refining industry, labor, community advocates, environmental justice advocates and others to implement both laws. The CEC is taking a comprehensive approach to see what measures may stabilize supply and help to prevent and mitigate gas price volatility. The CEC is committed to ensuring there is a safe, reliable, affordable, and equitable supply of transportation fuels during the transition to a clean energy future.

## **Attendance Instructions**

**In-person** participants may join the meeting at the California Natural Resources Agency Building, 715 P Street, Second Floor, Room 2-221 (Right Conference), Sacramento, California 95814. In-person participants must check in with the security officer in the lobby and be escorted to the meeting room.

If participants bring a device to join the meeting via Zoom at the physical location, the system audio must be muted, or the audio should not be joined. This is to avoid disruptive feedback during the meeting. Audio will be provided through an onsite sound system.

**Remote** participants may join via Zoom by internet or phone.
