Re: Request for Schedule Modification: Prairie Song Reliability Project (25-OPT-02)

Dear Ms. Worrall:

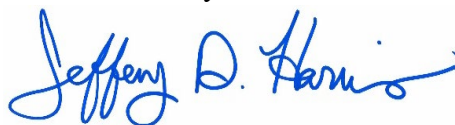

I am writing on behalf of the Prairie Song Reliability Project, LLC (the “Applicant”) for the Prairie Song Reliability Project (the “Project”) in Docket 25-OPT-02 .

Pursuant to California Public Resources Code Section 25545.4(e)(2)(F), the Applicant respectfully requests a 60-day extension of the schedule to allow additional time to complete and incorporate certain technical analyses relevant to the preparation of the Draft Environmental Impact Report. The requested extension will support a more complete environmental review and facilitate consideration of the Project.

For the avoidance of doubt, this is a one-time request for a single 60-day extension, and consistent with 25545.4(e)(2), should not be construed as agreement to any further extensions without the Applicant’s written request.

We thank you and the Staff for your efforts to date and look forward to continuing to actively engage with you during this brief extension period to advance this important energy storage project.

Sincerely,

Jeffery D. Harris
