Cleanup on Aisle Five: Essential Work, Poverty Wages, and the View from Behind the Supermarket Register

by Ann Larson

Oh, how you hate waiting. Time spent in the grocery store line is the worst, with nothing to do but note the many brands of gum there are these days. Nothing to do but read tabloid headlines and eavesdrop. Oh, well, hold tight. At least your favorite checker is working today and after you've read "Cleanup on Aisle Five" by Ann Larson, you'll be even nicer to him.

As the founder-director of an organization that lobbied for college debt relief Ann Larson earned "a decent salary," and she loved her job. Alas, opportunities in her business all but dried up during the Covid-19 pandemic and so she moved back to Utah, where she'd attended college, "to make a new start in middle age."

Jobs were hard to come by there, too but, impressed by her experiences at a place she calls "The Grocery Store" (TGS), she uploaded her resume and landed a job. The morning after being hired, Larson arrived at TGS, becoming "one of almost four million people who... [toil at] one of the most common jobs in the country."

She learned to cashier first, eventually moving up the "Front End" of the store beyond the check-out areas. There, she "raced" from register to register, filling in, bagging, replacing call-outs, fixing problems, and ordering product as needed. She learned how to best care for her

team, who were mostly older folks who lived financially on the edge, the quintessential one-paycheck-away-from-disaster population who worked through injury, depression, and age-related illness because they couldn't afford not to.

"Grocery stores may all seem the same," says Larson, but they're actually complex places, staffed by different personalities, with customers of every kind.

At TGS, she learned who deserved sympathy and grace, who could be ignored, and how far she could push. She considered organizing TGS's workers, but then thought better of it. And she thought about how a store worked, extending back to "the workers who drive trucks, stock shelves, cook the food... and sell it at checkstands."

Your local grocery store wouldn't exist without any of them.

You'd be mighty hungry without your favorite grocer, wouldn't you? Yep, so get a belly full of what it's like to work there by reading "Cleanup on Aisle Five."

In the spirit of Nickel and Dimed and Maid, there's a lot to learn inside this book – some of it amusing, all of it eye-opening. Here, author Ann Larson blasts the automatic doors off once-hid-

den work spaces, to show how grocery store employees survive on low-paying jobs, and why they stay despite that random strangers can be dangerous, scheduling can be life-altering, and expectations are harsh. Larson also offers advice to both sides of the cash register, customers and CEOs alike, reminding readers that, during the pandemic, grocery store workers were lauded as heroes.

Isn't it time to re-establish that honor? This is a book for everyone who eats, for store owners, shoppers, and social workers. If that's you and the pantry's empty, then find "Cleanup on Aisle Five" and check it out.

For a similar look at work that flies under your day-to-day radar, pick up "Trash! A Garbageman's Story" by Simon Paré-Poupart (Melville House Publishing, \$18.99). It's the story of a garbageman in Montreal, and it'll make you appreciate the people who make your refuse just go away... ~

NOTICE OF PETITION

TO ADMINISTER ESTATE OF

JOYCE E. ANDERSON, Decedent

Case Number: 26PR00266

TO ALL HEIRS, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of **JOYCE E. ANDERSON, JOYCE ELAINE ANDERSON.**

A PETITION FOR PROBATE has been filed by **EILEEN MARIE ANDERSON**, in the Superior Court of California, County of SANTA CRUZ.

THE PETITION requests that **EILEEN MARIE ANDERSON**, be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority

will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held in this court as follows: Date: 7/8/2026, Time: 8:30AM Dept. 10

The address of the Court is 701 Ocean St., Santa Cruz, CA 95060.

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the Court and mail a copy to the personal representative appointed by the Court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

YOU MAY EXAMINE the file kept by the Court. If you are a person interested in the estate, you may file with the Court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

**NOTICE OF RECEIPT OF AN
OPT-IN CERTIFICATION
APPLICATION FOR SEAHAWK
BATTERY ENERGY STORAGE SYSTEM**

On June 8, 2026, the California Energy Commission (CEC) received an application from Sequoia Energy 1, LLC ("applicant"), for certification from the CEC through the Opt-In process for the Seahawk Battery Energy Storage System (BESS) (project) (26-OPT-02). The applicant proposes to construct, own, operate, and eventually decommission the Seahawk BESS in an unincorporated area in Santa Cruz County. The approximately 16-acre project site is within a portion of Assessor Parcel Number (APN) 051-101-77 and 051-101-78, which is approximately one mile north of the city of Watsonville and east of the intersection of Minto Road and Green Valley Road (90 Minto Road). This notice of receipt of the application is published pursuant to Public Resources Code, sections 25519, subdivision (g) and 25545.8.

Project Description

The primary components of the proposed project include an up to 800-megawatt-hour BESS facility, an operations and maintenance (O&M) building, a project substation, a 115-kilovolt (kV) interconnection transmission (gen-tie) line, and interconnection facilities. The project would be composed of lithium-iron phosphate, or similar technology batteries, with proven safety and performance records, available at the time of procurement. The proposed project would provide a service to the regional electric grid by receiving and storing electrical energy (charging) from the Pacific Gas and Electric Company (PG&E) electric transmission system, and then later delivering energy (discharging) back to the PG&E Green Valley Substation when the stored energy is needed.

Operation of the transmission system is controlled by PG&E, the regional balancing authority and transmission owner. The project would be interconnected to the regional electrical transmission grid via an approximately 0.21-mile-long new single-circuit 115-kV gen-tie line within an expected 2.5-foot-wide trench between the project substation and the existing Green Valley Substation. The gen-tie line would extend west (underground), crossing Minto Road, and then continue parallel to the existing Minto Road right-of-way, then route northwest and continue parallel to the boundary of the Green Valley Substation until turning east to reach the point

continued on following page

of interconnect (POI) at Green Valley Substation. The applicant would construct and own the portion of the gen-tie line between the project substation and the point of change of ownership (POCO), an overhead riser pole, and PG&E would construct and own the remaining portion (overhead) of the gen-tie from the POCO to the POI within the Green Valley Substation.

Once operational, the Seahawk BESS would be available for operations 24 hours, 7 days per week with an expected operating life of 35 years. The Seahawk BESS would not have onsite staff but would be monitored offsite. Routine maintenance and scheduled operation of the fully operational developed site is expected to require up to eight workers on a weekly basis. A major maintenance inspection would occur annually, with about 20 workers for approximately one week. Further, up to six workers would visit the site every two to three years for augmentation work (add or connect additional batteries) within the footprint of the site. The Part 1 of the application containing the project description (TN 270250) section of the application can be accessed directly at the following link. <https://efiling.energy.ca.gov/GetDocument.aspx?tn=270250&DocumentContentId=107479>

CEC Jurisdiction and Opt-In Certification Program

Pursuant to state law, the CEC has established a certification program for eligible clean and renewable energy facilities to optionally seek certification from the CEC. (See Pub. Resources Code, §§ 25545-25545.13; Cal. Code Regs., tit. 20, §§ 1875-1882.) Under the Opt-In Certification Program, among the types of facilities the CEC can certify are energy storage facilities of 200 megawatt-hours (MWh) or more and the electric transmission lines from these facilities to a point of junction with any interconnected electrical transmission system. The CEC is the lead agency under the California Environmental Quality Act and is required to prepare an environmental impact report (EIR), mitigated negative declaration, or negative declaration as part of its Staff Assessment for any facility that elects to opt-in to the CEC's jurisdiction. For this project, the CEC will be preparing an EIR.

With exceptions, the issuance of a certificate by the CEC for an eligible facility is in lieu of any permit, certificate, or similar document required by any state, local, or regional agency for the use of the site and related facilities, and supersedes any applicable statute, ordinance, or regulation of any state, local, or regional agency. The CEC is required to make its decision on whether to certify the project within 270 days of receiving a complete application. The CEC is required to consult with all responsible and trustee agencies on the scope and content of the environmental document. The CEC staff has begun its review of the application which has not been deemed complete at this time and transmitted the application to responsible and trustee agencies.

Once the application is deemed complete, the CEC staff will evaluate the proposed project, consult with California Native American tribes, and host public meetings in the project area. This will include an informational and public scoping meeting during the development of the EIR, as well as a public meeting during the 60-day comment period on the Staff Assessment and Draft EIR. After the conclusion of the public comment period, the CEC staff will publish an updated Staff Assessment (which will include a Final EIR), and the CEC Executive Director's recommendation on whether the CEC should certify the EIR and issue a certificate for construction and operation of the proposed project. The updated Staff Assessment and Executive Director's recommendation will be published at least 30 days before the CEC's consideration at a public meeting.

At the final public meeting, the CEC will formally decide whether to certify the EIR and grant a certification for construction and operation of the proposed project. Should the certification be granted, other agencies that retain their permitting authorities must take final action on any additional permits within 90 days of the CEC issuing a certificate.

Public Participation

The CEC welcomes public participation in the Opt-In review process. A copy of the Opt-In application as well as other project information, can be found on the CEC website at: <https://www.energy.ca.gov/powerplant/battery-storage-system/seahawk-battery-energy-storage-system-bess>. To stay informed about this project and receive notice of upcoming meetings and workshops, sign up to the project's email subscription, which can be accessed on the same project webpage. Once enrolled, automatic email notifications are sent when documents and notices are posted to the project webpage. This notice will be the only general public notification of this project that will appear in this publication. If you want to stay informed or participate in the project review and decision-making process, please visit the web page linked above to subscribe for free email notifications from the CEC or contact the Public Advisor's Office (see contact info below). Information about the Opt-In Certification Program can be found on the CEC website at: <https://www.energy.ca.gov/programs-and-topics/topics/power-plants/opt-certification-program>.

In the event that the Deed of Trust described in this Notice of Trustee's Sale is secured by real property containing one to four single-family residences, the following notices are provided pursuant to the provisions of Civil Code section 2924f. Notice to potential bidders: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. Bidders at the trustee auction must make cashier's checks payable to WT Capital. Third party cashier's checks

will not be accepted. Notice to property owner: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call 559-228-8393 or visit this internet website www.wtcap.com, using the file number assigned to this case 26-14457-107. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the internet website. The best way to verify postponement information is to attend the scheduled sale. Notice to tenant: Effective January 1, 2021, you may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours af-

ter the date of the trustee sale, you can call (559) 228-8393, or visit this internet website www.wtcap.com, using the file number assigned to this case 26-14457-107 to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase.
