Subject: Battery storage in Watsonville CA

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I am opposed to the approval of battery storage being located in the Watsonville area or other locations in Santa Cruz County. The negative consequences of the fire in MOSS LANDING alerted our citizens and the SCC supervisors to the need to reject the request to locate on our area.

Now the company has moved the application to your commission in an effort to do a side-run to gain approval despite local rejection of their application.

Their safety record and the consequences of their fires rests heavily on our decision. We

need your commission to back us up and see that the battery storage facilities applications are denied

With respectful thanks for your understanding of our concerns,

LUANE VIDAK
1016 GREEN VALLEY ROAD
WATSONVILLLE. CA. 95076
