It's a no vote for me

Do not add these battery plants to our community. It is not safe and not good for the environment. Leave open land. Not everything needs to be developed. Keep Dixon/vacaville green. This will contaminate our soil and affect the neighboring areas, plants, animals, agriculture, farmers, livestock, businesses, and families. Crops are grown near by and this will contaminate the soil where food is being grown. It's too close to the freeway and could potentially be a hazard.
