To whom it may concern,
Please do not push this project forward. The risks of what this battery plant far out way any monetary value they may bring. I have lived in Vacaville for most of my life and love this area. I also have friends that live on Byrnes and it is a great area. Brining in the battery plant with the potential hazards they possess is not ok. The technology is far too new to build something like this in our area.

Thank you,
Stephen Bernardo
