Subject: 2025 Annual Report

RSES online training programs--both ATEs and ATTs--continue to adhere to the 2022 Code Cycle through the end of 2025, and began the 2025 Code Cycle to prepare for 2026. ATEs and ATTs are signing up and renewing at a more regular pace now, and there has been a lot more interest in the program.

RSES migrated from the ESCO DocReg into the ComCerts registry in October of 2025. We update this on a consistent basis based on customer feedback and CEC requests.

RSES will continue to get the word out to CA contractors, technicians and facility managers on the importance of Title 24 certification and the process to achieve it. Following is the information required based on the reporting requirements outlined in attachment 1 provided in the January 28, 2026 letter, all data of which was exported from the Title 24 DocReg:

10-103.2(d)1A: ATT/ATE Certification Services

- Number of new certifications: ATE: 7 | ATT: 6
- Number of lapsed certifications: ATE: 56 | ATT: 76
- Number of certifications to date: ATE: 104 | ATT: 149
- Number of certifications available: ATE: 74 | ATT: 93

No revocations or suspensions in this reporting period.

10-103.2(d)1B: Disciplinary Actions

There have been no actions taken against any Acceptance Test Technician or Employer as a result of the complaint or quality assurance procedures.

10-103.2(d)1C: Quality Assurance

For each ATT, statistics for the reporting period and total to date:

- a) Number of acceptance tests performed: **5,016 entries** | Multiple forms
- b) Number of desk audits: **0** because we are still massaging ComCerts we have not been able to obtain desk audits.
- c) Number of on-site audits: **0**
- d) Number of failed audits: **0**

i. Connect to summary of actions taken [10-103.2(d)1B] for QA: **0**

2. Totals of the above [1(a)-1(d)] for the entire ATTCP: **5,016**

10-103.2(d)1D: Acceptance Testing Data
