MEMORANDUM

TO: Docket 24-OPT-05
FROM: Staff
SUBJECT: Documents Included in the Record of Proceedings
DATE: July 15, 2026

I. Introduction

Public Resources Code section 25545.13 provides that a project filed with the California Energy Commission (CEC) under Public Resources Code section 25545.1 is deemed an environmental leadership development project and subject to expedited judicial review if, among other things, the CEC “prepares the record of proceedings concurrently with its review of the application and certifies the record of proceedings within five days of certification.”

II. Record of Proceedings

California Code of Regulations, title 20, section 1208, requires that all documents submitted in any proceeding, whether by a party, committee, the commission, or any other individual or entity, be filed with the docket. California Code of Regulations, title 20, section 1880.5 further identifies the proceeding’s docket as containing all the documents comprising the record of proceedings and meeting the requirements of Public Resources Code sections 21167.6(e) and 21186.

The attached documents are being added to the Record of Proceedings. In addition to these documents, the Staff Assessment includes a list of references at the end of each section that provides detailed citations and web links to documents staff relied on to develop the technical sections of the Staff Assessment. These linked documents are publicly available and part of Record of Proceedings. Attachments to documents that are in shapefile format, such as GIS or ERSI files, are not linked due to technical system limitations but are part of the record. These files are publicly available for review and can be accessed directly from the CEC upon request.

Documents indexed in the reference sections of the staff assessment that do not have web links are copyright-protected records. Public Resources Code section 21186(g) provides that an agency is not required to make copyright-protected records readily accessible in an electronic format. These copyright-protected records may be obtained from the publisher, purchased through a commercial source, or upon arrangement, viewed at the CEC’s office.
