CEC-057 (Revised 3/26)

Notice of Availability of the *Renewables Portfolio Standard 2021-2024 Retail Sellers Procurement Verification Commission Final Report*

CEC-700-2026-030-CMF/Docket No. 24-RPS-01

The California Energy Commission (CEC) adopted the *Renewables Portfolio Standard 2021-2024 Retail Sellers Procurement Verification Commission Final Report* (*Verification Final Report*) at its June 22, 2026, Business Meeting. The report has been transmitted to the California Public Utilities Commission for its compliance and enforcement and is available on the CEC's website at:

<https://www.energy.ca.gov/publications/2026/renewables-portfolio-standard-2021-2024-retail-sellers-procurement-verification>

The *Verification Final Report* provides the results of renewable energy procurement claims submitted by retail sellers for the Renewables Portfolio Standard (RPS) Compliance Period 4 (CP 4), covering the years 2021-2024.

As part of its administrative responsibility, the CEC verifies the RPS procurement claims of both retail sellers and local publicly owned electric utilities. The methods used by the CEC to verify procurement claims for RPS program participants are generally described in the *Renewables Portfolio Standard Eligibility Guidebook* and further explained in the *Renewables Portfolio Standard Verification Methodology Report, Fourth Edition*. These [documents](#) can be found at <https://www.energy.ca.gov/programs-and-topics/programs/renewables-portfolio-standard/renewables-portfolio-standard>.

As stated, the *Verification Final Report* applies to 50 retail sellers, which includes three large investor-owned utilities (IOU), three small and multijurisdictional utilities (SMJU), 17 electric service providers (ESP), and 27 community choice aggregators (CCA) - of which only 43 reported procurement claims for CP 4. The summary results included in the *Verification Final Report* provide the following information for the 43 California retail sellers that reported procurement claims for CP 4:

- Total RPS claims reported (2021-2024)
- Ineligible claims, distinguished by the reason for the ineligible finding

- Withdrawn claims
- Claims eligible toward the RPS

The report also provides an analysis of the total eligible procurement claims by resource type and includes each individual retail seller's Summary Claims Reports.
