Opposition to Corby Battery Project in Vacaville, CA

Vacaville should not be a dumping ground for hazardous projects. Vacaville is still a semi-rural community and we would like to keep it that way. Residents do not want this project in this community for multiple safety concerns. Please listen to the residents of Vacaville! We are not interested in this project in any way, shape or form. This type of project should be placed in a more desolate location, not near homes, schools, hospitals and the like.

Please, please say no to this project in Vacaville.

Thank you,
Raquel Karnes
