### **Docket number 24-OIR-03 - Energy Data Collection - Phase 3**

Commissioners re: Docket 24-OIR-03,

I am a Ca. based contractor in the Sacramento area. I am opposed to the CEC tracking HVAC sales at a per unit level. The consumer is already paying way too much for new installations. Supporting all the work that is going to be involved with per unit tracking compliance is ultimately going to cost the end user AGAIN! Let HARDI do the work for your commission and keep our prices from getting even more ridiculous. Robert Jeffrey
