Docket number 24-OIR-03 - Energy Data Collection - Phase 3

Commissioners re: Docket 24-OIR-03,

Please do not add more regulations to our already overpriced and over complicated industry. This will absolutely be a burden on contractors and homeowners alike. Hvac is essential to most homeowners and it's becoming a luxury in our state because of all the regulations and costs that are associated with those regulations. Find ways to make things less complicated and time-consuming, and to cost less if you really want to improve our industry. Enough is enough and we are sick and tired of this!!!

Thank you for considering my input

Sincerely,
Kevin Myers Kevin Myers
