Docket number 24-OIR-03 - Energy Data Collection - Phase 3

Commissioners re: Docket 24-OIR-03,

Iâ€™m a CA-based contractor in Sacramento, and this would cause unnecessary harm to our industry and state.

This would increase burden/costs because it adds another layer of government bureaucracy on top of what we are already required to do.

A better approach would be to incentivize homeowners.

This proposal will not solve the permit compliance issue because there will always be ways to cheat the system. Lance Newey
