Commissioners re: Docket 24-OIR-03,

I am a HVAC contractor who pulls about 1/3 of all permits in my county and the city I operate out of. Contact Inyo County Building Dept and The City of Bishop for actual numbers. I am not the only contractor working in this area and it would mean that people would buy equipment out of state so they can continue installing equipment without regulation so you would only be hurting honest contractors. Please do not add any additional regulations for contractors doing the right thing as this will only drive up cost for those following the rules. Chris Van Nest
