Commissioners re: Docket 24-OIR-03,

Iâ€™m a Licensed C-20 contractor in the state of California.
I feel the online sales and in store sales at Publix stores suck as Home Depot,
Loweâ€™s, contractors warehouse and Amazon contribute to poorly installed systems.
And are in regulated. I feel these steps are a government overreach. And a paper work
burden which will require compliance. Which means increased prices due to labor. In a
market where covid cost high increases this is going to put extra burden on smaller
companies. David Andres
