SUBJECT: APPROVAL OF CALIFORNIA STATE PIPE TRADES COUNCIL CONDITION OF APPROVAL
(COA-2026-1) FOR THE 2025 UPDATE REPORT

DATE: August 10, 2026

Dear Mike Hartley:

On January 22, 2026, the California Energy Commission (CEC) adopted Order No. 26-0121-03b, which conditionally approved the California State Pipe Trades Council (CSPTC) as an Acceptance Test Technician Certification Provider (ATTCP) for the 2025 Energy Code, contingent on certain requirements [COA-2026-1](#)

(<https://efiling.energy.ca.gov/GetDocument.aspx?tn=268291&DocumentContentId=105463>). This letter is to confirm that these requirements have been met.

CSPTC provided a full demonstration of its database and its ability to comply with both the 2022 and 2025 Energy Code to the satisfaction of CEC staff. Therefore, CSPTC has satisfied the requirements of the conditional approval COA 2026-1 as provided in Order No. 26-0121-03b and is approved as an ATTCP by the CEC.

If you have any questions, please contact Bhaskar Ale at Bhaskar.Ale@energy.ca.gov.

Sincerely,

Drew Bohan
Executive Director
