**NOTICE OF EXTENSION OF WRITTEN COMMENT PERIOD****MODIFICATION OF REGULATIONS GOVERNING THE  
POWER SOURCE DISCLOSURE PROGRAM**

California Energy Commission  
DOCKET NO. 14-OIR-01  
December 18, 2015

On December 4, 2015, the California Energy Commission published a Notice of Proposed Action (NOPA) proposing modifications to the Power Source Disclosure program (Register 2015, No. 49-Z, p. 2221). The Energy Commission held a public workshop on January 6, 2016, to solicit oral and written comments on the proposed modifications. The NOPA established a written public comment period that ended on January 19, 2016; however, the Energy Commission extended the written comment period to February 5, 2016. (Register 2015, No. 51-Z, p. 2321.) The NOPA also noticed a public hearing for possible adoption of the regulations on March 9, 2016.

After receiving initial comments, the Energy Commission determined that changes would be necessary and the March 9, 2016, adoption hearing would need to be postponed. As a result, the Energy Commission is now extending the comment period to February 19, 2016. A public hearing for possible adoption of the regulations is projected to take place either in May or June 2016.
