CALIFORNIA ENERGY COMMISSION DOCKET NO. 14-RPS-01

OAL NOTICE FILE NUMBER Z2015-0313-01

- A. The California Energy Commission has complied with the provisions of Government Code section 11346.4, subd. (a), 1 Cal. Code Regs., section 86, and Government Code section 11104.5, subd. (a), regarding notice of the proposed modifications to the regulations establishing Enforcement Procedures for the Renewables Portfolio Standard for Local Publicly Owned Electric Utilities. The notice was provided at least 45 days before the close of the public comment period on May 11, 2015, and the public hearing for the adoption of the proposed modifications to the regulations. The notice was provided to the following persons in the manner indicated:

- (1) Every person who has filed a request for notice of regulatory actions with this agency;*

The notice was provided via email on March 27, 2015 to the Energy Commission's Renewable listserve, which consists of all those individuals and entities who have expressed an interest in Energy Commission actions related to these regulations.

The notice was also posted on the Energy Commission's website on March 27, 2015.

- (2) The Secretary of the Resources Agency;*

This notice was provided via email on March 27, 2015.

- (3) A representative number of small business enterprises or their representatives that are likely to be affected by the proposed action; and*

The notice was not provided to a representative number of small business enterprises or their representatives, because no small business enterprises are likely to be affected by the proposed modifications to the regulations. As explained in the Notice of Proposed Action for the proposed modifications to the regulations, the proposed modifications to the regulations will not directly apply to private individuals or businesses. The proposed modifications to the regulations will apply to local publicly owned electric utilities, which are local agencies and not independently owned and operated businesses. However, the notice was provided via email to the Energy Commission's Renewable listserve, which includes small businesses that have expressed an interest in Energy Commission actions related to these regulations.

(4) All persons and groups of persons whom this agency believes to be interested in this proposed action;

This notice was provided via email to the Energy Commission's Renewable listserve on March 27, 2015, which includes all of those individuals and entities who have expressed an interest in Energy Commission actions related to these regulations.

(5) Internet Posting.

This notice was also posted on the Energy Commission's website on March 27, 2015. This was done in the manner normally and consistently used by the Energy Commission.

- B. The California Energy Commission has complied with the provisions of Government Code section 11346.8, subd. (c), 1 Cal. Code Regs., section 44, subd. (a), and Government Code section 11104.5, subd. (a), by providing notice of proposed changes to the modifications of the regulations establishing Enforcement Procedures For The Renewables Portfolio Standard For Local Publicly Owned Electric Utilities. The notice was provided at least 15 days before the Energy Commission adopted the proposed modifications to the regulations, included the modified text of the proposed modifications to the regulations (shown in bold double underline/double strikeout font relative to the text of the proposed modifications to the regulations as reflected in the 45-Day language Express Terms), and informed parties that the public comment period for the modified text was from July 6, 2015, through July 21, 2015. The notice was provided to the following persons in the manner indicated:

(1) Every person who testified at the public hearing held on April 9, 2015, on the originally proposed modification to the regulations;

This notice was provided via email to the Renewable listserve on July 6, 2015, which includes those persons or the groups those persons are associated with who testified at the staff workshop/public hearing held on April 9, 2015.

(2) All persons who submitted written comments at that public hearing;

This notice was provided via email to the Renewable listserve on July 6, 2015, which includes those persons who submitted written comments at the staff workshop/public hearing held on April 9, 2015.

- (3) *All persons whose comments related to these regulations were received by the Energy Commission during the 45-day public comment period; and*

This notice was provided via email to the Renewable listserve on July 6, 2015, which includes those persons and entities who submitted written comments during the 45-day comment period.

- (4) *All persons who requested notification from the Energy Commission of the availability of such changes;*

All persons who requested notification from the Energy Commission of the availability of changes were directed to subscribe to the Energy Commission Renewable listserve. No persons objected to this form of notice. This was done in the manner normally and consistently used by the Energy Commission.

- (5) *The Secretary of the Resources Agency;*

This notice was provided via email on July 6, 2015.

- (6) *Internet Posting.*

This notice was also posted on the Energy Commission's website on July 6, 2015. This was done in the manner normally and consistently used by the Energy Commission.

I certify, under penalty of perjury of the laws of the State of California, that the foregoing is true and correct.

Executed on February 25, 2016, in Sacramento, California.

Angela Gould,
Energy Specialist
Renewable Energy Division
