**Categories:** Ready to Docket

California Energy Commission

**DOCKETED**

Requesting clarification:

p.29 "Contract": Does the Lease-LeaseBack delivery method process constitute a "sole-source" award process?

(same issue): Does the utilization of published/adopted District Standards prohibit the use of Prop 39 funds due to the no sole-source requirement? (e.g. District mandates use of "Carrier" furnaces or "Honeywell" EMS)

Thank you,
