Subject: Docket Number 13-CCEJA-1 "Comments on Prop 39"

Categories: Ready to Docket

California Energy Commission

DOCKETED
13-CCEJA-01

TN 72103

OCT. 16 2013

My question is in regard to how Prop 39 money can be used for a solar PPA projects.

Can prop 39 money be used to pay for energy generated under a solar PPA contract? Can the prop 39 money be used to pre-pay a solar PPA contract (in other words, use a lump sum payment to buy down the contracted PPA rate)?

Is there any difference to the answers to the questions above if the underlying PPA contract was signed before the prop 39 money is allocated and rules are finalized? For example, if a school district entered into a PPA contract in 2011 could they use prop 39 dollars to pay their 2014 PPA bill?

Thank you
