RE: Compass Energy Storage Project (24-OPT-02) – Notice of Withdrawal of Application

Dear Director Bohan:

Compass Energy Storage LLC (“Compass”), in accordance with California Code of Regulations (“CCR”), title 20, section 1877.5, hereby submits this Notice of Withdrawal of the Application for Certification of the Compass Energy Storage Project (“Project”). This notice is based on the inability to locate an alternative suitable site in proximity to the point of interconnect and due to changed economic conditions associated with the Project.

Compass requests the CEC retain jurisdiction over the resolution of the pending dispute regarding reimbursement fees requested by the City of San Juan Capistrano.

Compass thanks the CEC staff and Commissioners for their diligent cooperation and efforts throughout this proceeding. Please contact me or Renée Robin at renee.robin@engie.com, 510-525-0062 if you have any additional questions.

Pursuant to 20 CCR section 2505, as an officer authorized to make this notice on behalf of Compass Energy Storage LLC, I certify under penalty of perjury under the laws of the State of California that the information contained in this notice of withdrawal is true, correct, and complete to the best of my knowledge.

Sincerely,

Mr. Drew Bohan, Executive Director
California Energy Commission
