## **To the California Energy Commission**

How should we address the prospect of a terribly dangerous building construction addition to our city and county that appears to be far too close to Hospitals, Senior Citizens, Churches and existing and newly planned housing? My wife and I have lived in Leisure Town for more than 20 years. In our senior community I have served on our Board of Directors for 8 years, and many committees that are the backbone of our Senior Citizen Community of 1153 homes with additional homes on the way. My wife, Karen started what we believe was our first Neighborhood Watch program about 10 to 12 years ago out of our home with our home PC. At its height we had more than 900 email addresses in this data base. Maybe the most important service we preformed was facilitating "Adopt a Block" in Leisure Town. This outreach gave us both an in depth view of what senior living can be. We were a part of delivering food and other necessities to those in need and saw things we never expected to see in our community. One of the most heartbreaking was to witness the actuality of one can of beans in a neighbor's cupboard.

We are both dismayed and sad that a power plant of batteries may be located so close to our senior community and the other places named above. We cannot imagine what an evacuation of a major hospital (Kaiser) and 3 Senior Citizen Communities (Leisure Town, Maplewood and Lemon Tree Mobile Home Park) might look like. We ask that the commission and decision makers to think hard about what your view would be if your Grandparents were forced to be located so close to this terribly dangerous project. Also the term that has been used "Net Benefit" escapes us as far as Vacaville, Dixon and areas nearby are concerned. Please save us and move the project elsewhere and/or research alternative options. There are approximately 1500 senior citizens living in Leisure Town and a possible evacuation would be a nightmare.

Thank you

Ken and Karen Stockton

38 year residents of Vacaville and 21 year residents of Leisure Town

Grace, Peace and Joy be with you today.
