Opposition to CORBY BESS

Dear CEC,

I am a resident and own a generational farm in Solano County, CA.

My father farmed here as his profession. This was in 1940s. My father actually sheltered many Japanese farm workers after WWII who were at risk of being relocated to Manzanar and other detention camps.

Our farm was a sanctuary and my dad told authorities that the workers in fact were Chinese - not Japanese!

Our family has paid taxes to this county for so long. We plan to continue our farm and do not want our property or water source compromised in the event of a battery fire or thermal runoff.

Please select LAMBE or some other location for the CORNY BESS battery storage facility!

Thank you,
Calve K. Mock
