Eaton's Lighting Division Comments on Title 20 45 Day Language – LED General Service Lamps including Downlight Retrofits.

Dear Commissioner McAllister,

Eaton's Lighting Division (formerly Cooper Lighting) would like to thank you for the opportunity to provide comments on the 45 Day Language for Title 20 –LED General Service Lamps including Downlight Retrofits.

Eaton is a leading diversified, global power management company that is fundamental committed to help the world to use less energy and to use energy safely. Our innovative technologies and services help customers manage electrical, hydraulic and mechanical power, safely and efficiently. In addition, these power management technologies help customers control costs and reduce their energy requirements. Eaton's Electrical Products and Services businesses are global leaders in power distribution, power quality, control and automation, power monitoring, and energy management products and services. We currently employ over 35,000 people worldwide, with over 1,600 of those residing in California. The Lighting Business serves customers in the commercial, industrial, retail, institutional, residential, utility and other markets.

Eaton is a leading provider of quality LED Downlight Retrofits. We offer our support for the language as currently written and do not see any need for change in the proposed requirements.

Thank you for the opportunity to comment and we look forward to working with on this important initiative.

Rebecca Rainer
