CEC-70 (Revised 4/26)

Notice of Grant Deadline Extensions in the CalSHAPE Ventilation Program (Docket # 20-RENEW-01)

The California Energy Commission (CEC) has extended certain deadlines for grants awarded under the California Schools Healthy Air, Plumbing, and Efficiency (CalSHAPE) Ventilation Program pursuant to Senate Bill (SB) 193.

The extension applies to the following deadlines:

- Final Reporting Deadline: The final reporting deadline is extended from October 31, 2026, to April 30, 2027.

- Grant Term End Dates: The end dates for all active CalSHAPE Ventilation grants are extended to April 30, 2027.

CEC will update the term end dates in the CalSHAPE Online System for all active CalSHAPE Ventilation grants that do not have an approved Reconciliation Report. Grantees do not need to submit a time-extension request.

All other applicable CalSHAPE Ventilation Program requirements remain in effect. Grantees should continue to submit required Assessment and Reconciliation Reports and corrections as soon as they are complete.

Grantees with Assessment and Reconciliation reports currently under CEC review or returned for corrections should continue working with CEC staff to complete the review and approval process.
