CEC-70 (Revised 4/26)

Amended Notice of Grant Deadline Extensions in the CalSHAPE Program (Docket # 20-RENEW-01)

This notice clarifies and supersedes the earlier Notice of Grant Deadline Extensions in the CalSHAPE Ventilation Program (TN 273038) docketed on October 5, 2026.

The California Energy Commission (CEC) has extended grants awarded under the California Schools Healthy Air, Plumbing, and Efficiency (CalSHAPE) Program as an initial immediate response to Senate Bill (SB) 193 (Committee on Budget and Fiscal Review, Chapter 259, Statutes of 2026). Concurrently, CEC is continuing to assess the new statutory direction and may consider potential CalSHAPE Guideline changes to further implement the statute, including additional extensions as appropriate, and will provide updates in a future notice posted to the docket.

CalSHAPE Ventilation Program

The CalSHAPE Ventilation Program final reporting deadline is extended from October 31, 2026, to October 31, 2027. All active CalSHAPE Ventilation Program grants with an end date of or after October 1, 2026, are extended to October 31, 2027. Grantees do not need to submit a time-extension request.

CEC is not providing an extension to grants that closed or expired prior to October 1, 2026, or which have had reconciliation reports approved by CEC and final grant installment issued. These situations are being assessed as part of the statutory review.

All other applicable CalSHAPE Program requirements remain in effect. Grantees with Assessment and Reconciliation reports currently under CEC review or returned for corrections should continue working with CEC staff to complete the review and approval process. Grantees should also continue to submit required reports and corrections as soon as they are complete.

CalSHAPE Plumbing Program

At this time, CEC is not providing an extension to CalSHAPE Plumbing Program deadlines. The final reporting deadline was June 1, 2026, and all plumbing grants expired as of that date. Grantees with Reconciliation reports currently under CEC review or returned for corrections should continue working with CEC staff to complete the review and approval process.
