Re: 2026 Supply Forms – Transmission Exemption Notice

To: IEPR Staff Members

Burbank Water and Power has been a Participating Transmission Owner (PTO) with the Los Angeles Department of Water and Power (LADWP). Burbank Water and Power does not develop transmission on its own but works through the Southern California Public Power Authority (SCPPA) and in coordination with LADWP for any transmission-related assets or upgrades. Transmission is obtained through long term transmission service agreements. Per the discussions and direction with the CEC, Burbank is not planning new transmission and therefore not submitting completed transmission forms for the 2026 IEPR, Reporting Year 2025.

Burbank Water and Power respectfully requests that the California Energy Commission accept this letter as fulfillment of the IEPR transmission data request. Please feel free to contact me should you have any questions.

Sincerely,

Anthony D'Aquila
Power Production Manager
City of Burbank, Burbank Water and Power
Power Supply Division
