Subject: Lake View (unit 17) 79-AFC-01C Turbine bypass

Bruce Boyer, CPM

The purpose of this email is to notify you of a minor change in the turbine bypass system for the Lake View Geothermal Power Project.

The Petition for Modification, dated September 21, 2016, states at page 5: "A few minor supports will need to be augered within the existing plant yard for steam line supports as well as work access platforms to allow servicing of control valves."

Instead of augering, we will use an engineered concrete slab that will be approximately 1.5 feet thick.

BRUCE CARLSEN

DIRECTOR – ENVIRONMENTAL SERVICES- GEYSERS

CALPINE CORPORATION
