**NOTICE OF RECEIPT  
PETITION TO AMEND  
THE WALNUT CREEK ENERGY PARK  
(05-AFC-02C)**

On October 4, 2017, Walnut Creek Energy, LLC (WCE) (Petitioner), filed a Petition to Amend (PTA) the Final Decision for the Walnut Creek Energy Park (WCEP) project. The 500-megawatt project was certified by the California Energy Commission (Energy Commission) on February 27, 2008 and was on line and producing power on May 1, 2013. The facility is located at 911 Bixby Drive in the City of Industry, Los Angeles County.

**DESCRIPTION OF PROPOSED MODIFICATIONS**

WCE requests the California Energy Commission to approve this petition to:

1. Modify Conditions of Certification Air Quality AQ-4 and AQ-7, to ensure consistency with proposed changes to the Title V Permit submitted to South Coast Air Quality Management District (SCAQMD); and
2. Modify Worker Safety WS-58 regarding the on-site use of an automatic defibrillator (AED).

For additional information see the Energy Commission's webpage for this facility at, <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=05-AFC-02C>. The petition requesting the project modifications (TN 221379) is accessible through the "Documents for this Proceeding (Docket Log)" link.

**ENERGY COMMISSION AMENDMENT REVIEW PROCEDURES**

Energy Commission staff is reviewing the petition to assess the impacts of this proposal on environmental quality and public health and safety. The review process includes an evaluation of environmental impacts and a determination whether the facility, as modified, would remain in compliance with applicable laws, ordinances, regulations and standards (20 Cal. Code of Regs., § 1769). After the staff has completed its independent review and analysis of this petition, it will publish its assessment for public review and comment. Upon completion of its review, the staff will schedule the PTA for consideration by the Energy Commission at a regularly scheduled Business Meeting.

This Notice of Receipt has been mailed to the Commission's mail list of interested parties and property owners adjacent to the facility site. It has also been emailed to the facility listserv. The listserv is an automated Energy Commission system by which information about this facility is emailed to parties who have subscribed. To subscribe, go to the Commission's webpage for this facility, cited above, scroll down the right side

of the project's webpage to the box labeled "Subscribe," and provide the requested contact information.

Any person may comment on the petition. To use the Energy Commission's electronic comment feature, go to the Energy Commission's webpage for this facility, cited above, click on the "**Comment on this Proceeding**" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments. Once accepted the comments will be distributed through the automated e-mail system.

Written comments may also be mailed or hand-delivered to:
