# Memo

To: Bottle Rock Geothermal Power Plant Amendment Parties and Interested Public

From: Paul Kramer, Hearing Officer

Subject: Corrected Reference to Compilation of Bottle Rock Conditions

In drafting the notice of the November 18 Committee Hearing, I referred to the compilation of existing Bottle Rock conditions by the wrong Transaction Number. That document was depublished and replaced by the "COMPILATION OF THE CONDITIONS OF CERTIFICATION FOR BOTTLE ROCK GEOTHERMAL POWER PLANT 79-AFC-4C," TN # 200475. Staff tells me the only change was to remove "Unofficial" from the original title.

You may have, as did I, downloaded and saved the original document before it was depublished. Please use the replacement document when you review the compilation for accuracy and report any discrepancies in your Prehearing Statements and during the Committee Hearing.
