Mr. Rundquist, et.al.

Based upon available information we have determined no Department of the Army Section 404 of the Federal Clean Water Act permit is required for the current proposal to install wastewater tanks at Panoche Energy Center in western Fresno County. The project SPK-2006-00987, will be closed with no further action required. Your proposed activity may still be regulated by the State of California's Regional Water Quality Control Boards.

Please call or email me if you have questions.

Thank you
