RE: Panoche Energy Center Project (06-AFC-5C) - Request for Withdrawal of Petition to Amend (PTA) for Construction of Two Unlined Wastewater Surface Impoundments (UWSI)

Dear Mr. Rundquist:

On September 21, 2009, Panoche Energy Center, LLC, filed a petition with the California Energy Commission (CEC) requesting to modify the Panoche Energy Center (PEC) Project to construct two unlined wastewater surface impoundments (UWSI). Since that time, PEC submitted a separate PTA to request approval to construct an Enhanced Wastewater System (EWS) for managing wastewater disposal. The EWS PTA was approved by the CEC board on March 16, 2015. PEC respectfully requests that the UWSI PTA be withdrawn from consideration at this time. Please feel free to contact me if you have follow up questions.

Sincerely,

Matt Wolske
